

Vibrating and connected baby surveillance camera (BBC18)

The BBC18 connected vibrating baby surveillance camera is the new practical and innovative solution to monitor your newborn safely. Specially adapted for deaf and hard of hearing people, the device consists of a surveillance camera and a vibrating mobile screen. The latter has a built-in transmitter which is connected to Jenile's flash and vibrating receivers. When the baby will cry out, the vibrating screen will turn on and send a signal to the Jenile receivers which will flash and / or vibrate.
