

Movement detector (DDM14)

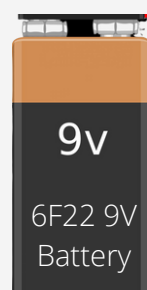

This motion detector detects any presence in its place of residence (indoors or outdoors) and transmits a signal to flash and vibrating receivers. Thanks to this detector you will no longer have to wait hours looking at the door to know if a member of your family has returned, but also you will no longer worry about finding your young child outside or your empty apartment when you wake up !

Technical Specifications

Height	12 cm	Wireless device	Yes
Width	6 cm	Radio frequency	433 MHz
Depth	3.3 cm	Receiving distance radio waves	100 m maximum free field
Weight	140 g	Decoding format	MCU
Colori	White	Guarantee	2 years
Alimentation	6F22 9v battery included		

Contents

- 1x Motion detector
- 1x wall bracket
- 1x 6F22 9V battery
