

Connected luminous alarm clock (RLC20)

The Jenile RLC20 luminous alarm clock and receiver centralizes all alerts and allows you to be warned thanks to different pictograms of everything happening in the house.

Accessible to visually impaired people.

Possibility to set two different alarms for couples.

With the luminous alarm clock and RLC20 receiver, you will be able to wake up thanks to its progressive light simulating the rays of the sun. You can choose to wake up to the light or to the vibrations of a vibrating pillow (optional).
